

MELBOURNE RECITAL CENTRE PRESENTS

# Naturally 7

One of the world's most exciting vocal groups.

Following electrifying performances touring the world as special guests of Michael Bublé, acclaimed American a cappella group **Naturally 7** return to Melbourne Recital Centre with a brand new live show to launch their 2014 album release, *Hidden In Plain Sight* on Sunday 1 June.

Original and unforgettable, the New York City natives combine Gospel, Motown, Hip Hop, Rap, Soul, Urban, Drum and Bass, Beats and R'n'B to create a distinctive musical style they dub 'Vocal Play'.

A world-class a cappella group, Naturally 7 not only blends stunning melodies and harmonies but also recreates the sound of every instrument in every song they sing, with each member of the ensemble specialising in a particular type of sound. Their live performances are a spectacular display of entertainment, versatility, musicality and skill.

Naturally 7 are **Roger Thomas** (Musical Director, First Baritone, rap), **Warren Thomas** (Third Tenor, percussion, guitar, clarinet) **Rod Eldridge** (First Tenor, scratching, trumpet,) **Jamal Reed** (Fourth Tenor, electric guitar), **Dwight Stewart** (Second Baritone), **Garfield Buckley** (Second Tenor, harmonica) and **"Hops" Hutton** (Bass).

From singing as an a cappella group in churches around the Bronx in the late 90s, Naturally 7 hit their stride internationally when they toured with Michael Bublé in 2007. The ensemble has collaborated with jazz luminaries including Herbie Hancock and Quincy Jones, star rapper Ludacris and Coldplay front man Chris Martin and their live performances feature sensational interpretations of pop classics by iconic groups such as Phil Collins, The Beatles, Coldplay and Queen.

Naturally 7 and Michael Bublé have teamed up again for the Swing King's latest world tour. In an interview with *Rolling Stone* magazine, Bublé spoke about performing with Naturally 7, the bond he's developed with the band and the songs he loves performing with them the most:

"I think a lot of the Motown stuff, *Who's Loving You* and *To Love Somebody* is gonna be a blast for me, because I recorded this record with Naturally 7 and these boys have become a big part of my life... They're not just a support act - they're part of a subculture that I want to be part of and be part of building. It's a blast for me to get up there and have these guys there in the middle of a show and change the whole dynamic of the show, because it changes the whole genre" he says.
