ABOUT THE SPEAKERS

Dr. Samantha Dieckmann is a postdoctoral research fellow at the University of Melbourne. Samantha's research explores the deployment of music as it relates to personal, religious and political areas of conflict, and the processes of emotional community and empathy that lead to resolution. She has been working with multicultural singing group Lullabies of Our Lives to bring the diverse communities of Melbourne together, one song at a time.

The Lullaby Choir, a joint initiative of the ARC Centre of Excellence for the History of Emotions, the Faculty of Fine Arts and Music at the University of Melbourne and Coburg's VICSEG New Futures, aims to promote cultural connection and conciliation through the lullabies that soothe babies the world over.

Melbourne Recital Centre acknowledges the people of the Kulin Nation on whose land this concert is being presented.
